

## Danson Primary School Maths Skills Progression: Ratio and Proportion

### Ratio and Proportion

(should be connected to fractions, multiplication and division)

#### Year 6

I can solve problems involving the relative sizes of two quantities where missing values can be found by using integer multiplication and division facts

I can solve problems involving the calculation of percentages [for example, of measures, and such as 15% of 360] and the use of percentages for comparison

I can solve problems involving similar shapes where the scale factor is known or can be found

I can solve problems involving unequal sharing and grouping using knowledge of fractions and multiples
