

# Science Week

Danson's  
Science  
Week  
2020

What an exciting Science Week we have had this year! Every day was filled with many engaging experiments, activities and science - driven discussions based around the theme of "Up in the Air". The children also had the opportunity to research different birds around the seven of the world's continents and explored the diversity of our amazing planet.

## Birds of Prey Visit

Our Science Week was enhanced with an exciting visit from four fascinating birds of prey. The children were lucky enough to learn more about these creatures including their habitat, diet and they even had the chance to watch them flying. We had the privilege of seeing 'Sparky' the barn owl, 'Zeus' the peregrine falcon, 'Sybil' the Harris hawk and 'Alaska' the bald eagle who has been in two films! What a fascinating experience it was!

## Competitions

During our two assemblies we announced the winners of our competitions which we ran throughout the week:

Congratulations to Imaani who won the sugar glider raffle competition. Imaani's name was pulled out of bucket full of hundreds of entries and she had the winning raffle ticket.

Evie was our winner for the 'Guess the number of goodies in the globe' competition. Evie accurately estimated there were 264 sweets. Well done Evie!

The model making competition was hugely successful again this year and choosing the winners was a difficult task indeed. Congratulations to our winners who received a certificate and a science prize and well done to everyone who took part.

## Model making winners

Reception-Aurelia

Year 1-Lexin

Year 2-Harry B

Year 3-Noah

Year 4-Sapphire

Year 5-Luca

Year 6-Ben C

# Science Week

Danson's  
Science  
Week  
2020

It is true to say that by Friday the children were so engaged by the weeks' activities that they were very eager and excited about dressing up in their wonderful costumes; we had a brilliant range of creations from birds, fireworks, rainbows and of course some cool scientists!

The 'Best Dressed' competition was hugely challenging for the judges as the costumes were so brilliant. Thank you to everyone for the effort involved in creating these amazing outfits that we were all able to enjoy in our assembly parade.

## Best Dressed winners

Nursery – Teddy  
Ash – Penelope  
Elm – Ojas  
Oak – Ivy  
Owl – Rose  
Sparrow – Ellen  
Robin – Leah  
Nightingale – Sadie  
Pepys – Elizabeth  
Shackleton – Dotty  
Brunel – Eryn  
Kapoor – Nuno  
Barfield – Mia  
Blackman – Isabella  
Rowling – Grace  
Dahl – Henry  
Victoria – Luca  
Henry – Daniel  
Elizabeth – Emily  
Hawking – Brogan  
Franklin – Sakina  
Darwin – James

Thank you so much for all your support throughout Science Week .....We're already looking forward to the next one!
